

## RED ANGEL

A/C Stop Leak / Aerosol | #00222

Red Angel A/C Stop Leak & Conditioner / Aerosol repairs leak points in automotive A/C systems. Red Angel "One Shot" is intended for the retail customer seeking a quick and easy installation. Complete with an attached coupler, Red Angel "One Shot" is a complete delivery system. Red Angel's aerosol product is for R-134a systems only. Each unit also includes a refrigerant charge. Permanent repair or your money back.

- Repairs leak points in condensers, evaporators, connection hoses, gaskets, and o-rings
- Contains no solid or particulate matter that will clog the A/C system or harm the recovery unit
- Contains 2.5 ounces of Freon
- Easy to use, intended for R-134a systems only

### Directions

follow us on:   

1. A/C system must be evacuated or partially depleted to properly install Red Angel.
2. Locate A/C low side service port.
3. Start engine and turn A/C to maximum cooling.
4. SHAKE CAN WELL and then connect adapter to low side service port while depressing can top.
5. Shake can while depressing top and continue until can is empty (3 to 5 minutes)

Not recommended for systems that lose more than one (1) pound of Freon per day or for leaking compressors.

**CAUTION! AVOID CONTACT WITH SKIN. AVOID INHALATION OF ANY VAPORS OR SPRAY. HAZARDOUS TO HUMANS AND ANIMALS. KEEP OUT OF REACH OF CHILDREN. ALWAYS USE PROTECTIVE EYE WEAR. IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH IT'S LABELING. DO NOT PUNCTURE OR INCINERATE.
